UPDATES as of 9/7/2020

- RCPS has decided it would be the safest and most beneficial (at this time) to not switch the 6th grade laptops. We’ve been assured your student’s 5th grade device has the capability to function with middle school instruction. We will continue to support all repair/replacement needs through our ticketing system which has allowed us to support more than half of our new 6th grade student population to date. Parents may continue to submit technology requests by clicking here: [https://bit.ly/cmslaptop](https://bit.ly/cmslaptop)
