Please sign below the rubric below.

Once an athlete becomes part of the team, coaches determine what events athletes will compete in. The coaching staff will utilize the talents of our athletes to benefit: 1. The Team and 2. The Individual. Track athletes and parents must ACCEPT that coaching decisions are made with the best interest of the team taking precedence over the desires of any individual team member. Time and marks are not the only standard used in determining an athlete's event. Coaches reserve the right to use their professional discretion in determining the events an athlete can compete on this team. Track events may change year to year and week to week due to an athlete's performance, improvement, and commitment level. It is not always the fastest or best that will compete, but the most committed EVERYDAY!
